Parent Support and Connect Group - Culter

Parents and carers in the Culter area may be interested in a local Parent Support and Connect Group facilitated by Aberdeen City Council's Family Learning Team. The Family Learning Team supports families across Aberdeen through a range of programmes and community-based activities focused on family wellbeing and parental support.

This group provides an informal opportunity for parents to meet others in the community, share experiences and access information about local support services. Sessions are held at Culter Primary School and are open to parents and carers living in Aberdeen. The group is designed to offer a welcoming space for conversation, peer support and connection with other families. Further information and booking details are available via [Eventbrite](#).
